

Dear Mayor and Council,

My name is Bruce Palomba and I am the Vice-President of the South River Knights Pop Warner organization. I wanted to take a few minutes to inform everyone of what a great job one of your employees has done this past year. Karen Cuomo, Your head of Parks & Recreation dept., worked extremely hard to help accommodate our organization.

As you know, all the efforts to have Grekowski Park be used by our organization did not work out. I met with Karen and Parks and Rec. advisory board on several occasions to find an acceptable field. Daly's Pond Park was offered to us for our use. There were quite a few challenges to preparing the field for our use. Every request we made with Karen was provided. She did an EXCELLENT JOB preparing the fields for the children to practice on this year.

All of her efforts helped our football teams have great year. Two of the teams made the Central Jersey League playoffs. And as you so kindly recognized at a recent meeting, our Jr. Pee Wee team won the Central Jersey Championship. These accomplishments would not have been possible without the efforts of Karen. She should be commended for her hard work and dedication to the youth of South River. I am looking forward to working with Karen in the future on any matters that arise. Our organization thanks Karen, the Parks & Rec. advisory board, and the mayor and council for all your efforts to help South River Pop Warner succeed.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bruce Palomba', with a large, sweeping flourish at the end.

Bruce Palomba
